The family of AEIOMed® products is designed to improve the lives of OSA patients and their families

Everest® 2 is the everyday CPAP that can also go mobile!

Completely Integrated System

Unique Power Options

Add-on components make the Everest® 2 the most versatile system

Rechargeable Battery

- Fits right onto the CPAP and humidifier-no separate battery pack required
- Use it on the go or as a reliable back-up for uninterrupted therapy during outages
- Runs both CPAP and humidifier

Mobile Power Adapter

- Runs the CPAP and the heated humidifier
- Recharges the battery
- Plugs into any vehicle... use it in your car, boat, RV or 18-wheeler!

Mask Options

Different styles for a secure fit with exceptional comfort
